Registration Closes Tuesday Sep 13, 2022

# IMPACT CITY FC AFTER SCHOOL – FAQ

## How do you promote character?

Each week we have a character trait. The character lessons are adapted from a publication called Heart of a Champion. Each coach shares the character trait, example athlete story, questions, and answers with the players.

## Who can participate?

Impact City FC After School program is available for boys and girls in grades K - 5 unless otherwise noted.

## How do I register?

The quickest and easiest way to register is on our website [www.impactcityfc.com](http://www.impactcityfc.com). You will be asked to create an account. Scan the QR code to visit now.

## Can we come and watch?

Please do, we welcome parent viewing, and trust you will be pleased as your child participates.

## Is this a team? Will my child be playing against other schools?

No, this is not a team. Each week we focus on a new skill and the development of that skill.

## What kind of equipment will my child need?

There is no equipment requirement. Roughly half of our participants change clothes and shoes, and half wear their school clothes and sneakers. Both will work great.

## Are the children broken into groups based on age or ability?

Children are initially broken into age groups (e.g., K and 1, 2 and 3, 4 and 5). As our sessions progress we may move a few advanced players up an age group to facilitate their growth.

## Will my child have time to change?

Yes, the program typically starts 10 minutes after the final bell. This gives students time to make their way to the bathroom and water fountain before meeting the coaches at the designated spot.

## Where is pick up for camp?

An Impact FC coach will be at the car line pick up area with a role call so that each student is accounted for. He or she will walk them to the field.

## Is transportation provided?

No, programs are held on site directly after school. Parents are responsible for picking up their children at the designated spot promptly as programs end. The designated spot is at the soccer field parking lot.

## What if there is inclement weather?

- In case of inclement weather (including heavy rain, hail, lightning, unplayable field conditions, etc.) parents and school administration will be notified via email the day of outdoor programming. In the event that we have a cancellation we will reschedule on a later day.
- If either parents or administration has questions they should call 678-665-0509
