

HEALTH SCREENING

All parents are requested to perform a daily health screening of their child before sending him/her to school. Temperature checks are encouraged.

All students need to be able to answer “no” to the following questions each day:

Are you experiencing cough, fever, shortness of breath, new loss of taste or smell, or any other COVID-19 symptoms?

Has anyone at home tested positive for COVID-19 in the last 14 days?

Have you or your family been directly exposed to anyone diagnosed with COVID-19?

Have you taken any fever-reducing medications today (such as Tylenol or ibuprofen)?

Students exhibiting any COVID-like symptoms while at school will be quarantined on-site, until parents are able to pick-up the child from school.
